It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact the Dean of Students at the Technology Center. This handbook supersedes all prior handbooks and other written or oral statements regarding any item in this handbook.

RELATIONSHIP WITH GOVERNMENTAL AGENCIES

The Board of Education is committed to protect students from individuals not associated with the school system but also recognizes its responsibility to cooperate with law enforcement agencies and the Family Independence Agency.

When such agencies request permission to interrogate a student at school, an Administrator shall attempt to inform the student's parent/guardians, when appropriate or when allowed by the investigator.

Whenever it has been determined that an agency has a legitimate purpose in interrogating a student within the confines of the District, an Administrator or representative shall attempt to be present throughout the proceedings. If the investigator refuses to allow a school representative to be present and the Administrator determines there is a compelling reason to be present, he/she may request the investigator to obtain a court order permitting interrogation without the presence of a school representative. 5540

When an agency requests permission to remove a student, the Administrator shall notify the Superintendent.

PROGRAM OVERVIEW

The primary purpose of the Van Buren Technology Center is to provide career development and technical training for several groups of people. The primary, and largest group, is made up of high school students seeking technical occupations.

A broad range of specific programs (*listed below*) are offered for high school students. These programs have been selected on the basis of job demand, student interest, advisory committee recommendation, and are evaluated continuously. Additional programs will be added when the need for training is identified. Programs that are not filling a need are revised or discontinued.

****The Van Buren Middle College Program is embedded within ALL CTE Programs!***

The content of each program is tailored specifically to the needs of the Career & Technical Education (CTE) area. The general categories present in each program are:

Career Development Skills - The skills used by individuals to identify the requirements of the job, identify ways and places to acquire skills, and reach a decision about a career.

Job Specialty and General Work Skills - The skills that are required for each job area.

Job Seeking Skills - The skills used by individuals when looking and applying for a job, such as preparing a resume and interviewing.

Related Education Skills - Reading, writing, communication, and math skills used in the job area the individual is pursuing.

College Credit - College credit may be earned within certain programs. These credits can be earned from local community colleges and private colleges in Michigan. Ask the program instructor for information on concurrent enrollment, dual enrollment and articulation credit options.

Employability Skills - Those skills needed to succeed on the job. Example: Getting to the job (*attendance*) and being there on time (*punctuality*).

GRADES AND CREDIT

Student evaluation is an ongoing process, whereby students accumulate skills and are continuously building on prior learning. **5421** Students receive a letter grade approximately every six weeks. The letter grade is sent home and to their local high school. The final grade recorded will be the semester final grade which will be the grade recommended to the home school to grant credit.

The primary student evaluation categories are **Content Knowledge and Employability Skills**. Content Knowledge is directly related to mastery of State mandated content standards. Employability Skills reflect business/industry standards in regards to attendance, work submission, punctuality & productivity, professionalism, attire, communication, critical thinking, and leadership. The percentage of each category used for student evaluation will equal 100%. Staff members will go over specific evaluation criteria with their students at the beginning of the school year.

Credit is defined in Carnegie Unit terminology, example: 1.5 credits will mean 1.5 Carnegie Units of credit per semester. **Technology Center students typically earn 1.5 credits per semester or 3.0 credits for the entire school year.** *Varied Credit* may be recommended to occur for a student under certain circumstances by the Technology Center administration in consultation with the student and local school.

The grading system is as follows:

4 pt scale	Overall Grade
3.3 - 4.0	A
3.0 - 3.2	A-
2.9	B+
2.7 - 2.8	B
2.5 - 2.6	B-
2.4	C+
2.2 - 2.3	C
2.0 - 2.1	C-
1.7 - 1.9	D+
1.3 - 1.6	D
1.0 - 1.2	D-
0.1 - 0.9	F
0	NC

To measure student progress, students will be tested in accordance with state standards and district policy. Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are also used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Career & Technical Education (*CTE*) interest surveys may be given to identify particular areas of student interest or talent. These are often given by the Career Guidance staff.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests and other special testing services are available to students needing these services.

Depending on the type of testing, specific information and/or parent/guardian consent may need to be obtained. The Van Buren Technology Center will not violate the rights of consent and privacy of a student participating in any form of evaluation.

STUDENT SERVICES

STUDENT SCHEDULES

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available space. Any changes in a student's schedule should be handled through the Guidance Office. It is important to note that some courses may be denied because of available space or the need to take prerequisites. Students are expected to follow their schedules. Any variation must be approved by the Guidance Office.

For the morning session, instruction begins at 8:00 a.m. and concludes at 11:00 a.m. Afternoon instruction begins at 12:00 p.m. and concludes at 2:30 p.m. Students are released from their program area three minutes before bus departures.

RECOGNITION OF STUDENT ACHIEVEMENT

Students who have displayed significant achievements during the course of the year may be recognized for their accomplishments. Recognition for such activities is initiated by the staff and coordinated by the Dean of Students. On a monthly basis, instructors choose one student for a.m. and p.m. to honor as their Outstanding Student of the Month. Each program also chooses an a.m. and p.m. student to be recognized at the end of the year as their Outstanding Student of the Year. [5451](#)

GRIEVANCE PROCEDURE FOR STUDENT COMPLAINTS Under Provisions of Federal Civil Rights Legislation

If any student and/or parent/guardian believes that the Van Buren Intermediate School District, or any part of the school organization, has inadequately applied the principles and/or regulations contained in Federal Civil Rights Legislation, he/she may bring forward a complaint, which shall be referred to as a grievance. [5710](#) The steps of the grievance procedure may be found on the VBISD's website.

CAREER GUIDANCE SERVICES PROGRAM

The school's guidance and counseling program is available to assist students with identifying career options consistent with their abilities, interests, and personal values. Career Guidance Coordinators are available to assist with program placement, career exploration, dual enrollment, post-secondary planning, and financial aid/scholarships. Just stop by the office and ask to speak to a counselor.

Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

COLLEGE CREDIT

Certain programs at the Technology Center offer students the opportunity to earn both high school and college credit. The following requirements apply to such courses of instruction:

- 1) Students must possess at least a 2.5 non-weighted cumulative grade point average GPA to enroll in college courses via the Technology Center. Students who meet all other entrance criteria except the 2.5 GPA will be reviewed by administration on a case by case basis.
- 2) Students must meet all enrollment requirements established by each specific college and/or university. (*e.g., minimum ACT/SAT scores, COMPASS/ACCUPLACER test scores, etc.*)
- 3) To receive high school credit for the successful completion of post-secondary institution coursework students must obtain approval from the principal at their local high school.
- 4) In addition to their high school transcript, students enrolled in concurrent enrollment courses will receive an official college transcript that becomes a part of their permanent educational record.
- 5) Per the Michigan Department of Education, any student who fails to successfully complete a college course must repay the public school district any eligible charges expended by the school district and not refunded by the postsecondary institution.
- 6) Tuition for college coursework will be paid by the Technology Center for eligible students only in accordance with the requirements of the Postsecondary Enrollment Options Act.

WORK-BASED LEARNING/JOB PLACEMENT SERVICES

As part of their career and technical education training, students in many programs are afforded opportunities to participate in work-based learning experiences at established worksites in business/industry. To participate in work-based learning opportunities, students must meet minimum requirements established by specific worksites, which may include any or all of the following:

- Criminal Background Check
- Drug Screening
- Updated Immunizations (*Tdap, MMR, Hepatitis B, Varicella, Hepatitis B (or declination), Seasonal Flu*)
- TB Skin Test
- Powered Air Purifying Respirator (PAPR) training
- HIPAA, Bloodborne Pathogens, and Hazardous Materials Training
- CPR/First Aid Certification
- Worksite Orientation

The purpose of the Work-Based Learning Program is to involve students in the world of work where they can acquire new skills and positive work habits. This program places a high degree of trust in each individual student. It requires the student to perform maturely and use sound judgment.

The rules of the program are strict, and violations will not be taken lightly. Students are expected to conduct themselves in an outstanding manner. Students are expected to communicate with employers, coordinators and their high school counselor throughout their placement.

- a) The student will not miss school and go to work on the same day unless school is closed, or prior arrangements have been made with the school officials.
- b) The student will learn and follow the employer's rules and adhere to the employer's calendar.
- c) The student will bring any work related problems to the employer's and coordinator's attention as soon as a problem arises.
- d) The student will adhere to conditions and dates set up in the Training Agreement unless mutually agreeable arrangements between the student, employer and coordinator are made and recorded.
- e) The student may not quit/change jobs without prior permission from the Job Placement Coordinator.
- f) The student will notify the employer and coordinator if he/she is going to be late/absent from work.

Students who wish to participate with job placement, paid cooperative education or apprenticeship experiences must have 90% attendance record for six weeks prior to job placement (subject to administrative review).

Any violation of the above rules may lead to being dropped from the Work-Based Learning Program. Credit for that semester may be lost, which may affect graduation status.

DAILY OPERATIONS

FIRE OR HAZARDOUS SITUATION PROCEDURES

Safety drills will occur at times established by the school board. [8420](#) Students are required to be silent and shall comply with the directives of school officials during emergency drills. Each school shall conduct at least five (5) fire drills, two (2) tornado drills, and three (3) lock-down drills each school year. There may be additional drills at the direction of the administration. Drills may not be preceded by a warning to the students.

The purpose of these emergency procedures is to prepare students and staff for an emergency in case such an event should occur. Emergency procedures are posted in all programs. Instructors will be responsible for safe, prompt, and orderly evacuation of the building. Four steps to remember in all emergency procedures are:

1. pay attention,
2. observe the instructor,
3. listen to directions, and
4. respond immediately.

Students are expected to know and follow all emergency procedures. Since an emergency procedure may not be a drill, students should understand that their responsibility is to know and follow all necessary precautions. If a student does not understand emergency procedures, notify the Instructor or Administration.

SAFETY

Good safety practices are a daily concern at the Van Buren Technology Center. Students receive orientation and instruction on safety practices for the building, program, equipment, and emergency procedures.

Students are asked to participate in safety inspections, as well as recognize posting for hazardous areas and equipment. All Technology Center students must:

1. be aware of safety practices,
2. acquire safety skills,
3. apply them daily,
4. help others understand and use appropriate safety skills.

ACCIDENTS

Students should always practice and follow the safety procedures posted in all Van Buren Technology Center programs. Students who follow daily procedures and help others pay attention are less likely to have an accident. [5340](#)

If a student is involved in an accident:

1. notify the instructor immediately,
2. describe how it happened,
3. provide emergency phone numbers and information,
4. stay calm, and
5. stay where you are, unless otherwise directed.

STUDENT WELL-BEING

Student safety is the responsibility of the staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, he/she must notify any staff person immediately.

State law requires that all students must have an emergency medical form completed, signed by a parent/guardian and filed in the school office. A student may be excluded from school until this requirement has been fulfilled. [5341](#)

Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the Technology Center Office. All medications, prescribed and non-prescribed are to be delivered to the Student Services Administrative Assistant. [5330](#)

ILLNESS AND INJURY

Appropriate diet, rest, and exercise all contribute to good health. In order to attend school regularly, pay attention, observe, listen, and respond appropriately, students must be healthy. In the event that a student is ill before leaving for the Center, the following should be carefully considered:

1. is the illness communicable,
2. is rest the best choice, and
3. what transportation is available from the Technology Center, if necessary?

A student who becomes ill during the school day should request permission from the Instructor to go to the office. If a student is too ill to remain in class, a parent/guardian will be contacted to pick the student up. No student will be released from school without proper parent/guardian permission.

All injuries must be reported to an Instructor or the Student Services Office. If the injury is minor, the student will be treated and may return to class. If medical attention is required, the Office will follow the Center's procedures. An accident report for all injuries will be filled out and signed by the Instructor and an Administrator.

CONTROL OF CASUAL CONTACT COMMUNICABLE DISEASES AND PEST

The school will observe recommendations of the Michigan Department of Community/Public Health regarding communicable diseases. [8450](#)

1. The student's parent/guardian is required to notify the school office if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent/guardian.
3. A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian provides the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

HEAD LICE

The school will observe the following protocols regarding head lice:

1. The student's parent/guardian is required to notify the school office if their child is suspected of having head lice.
2. Infested students will be sent home following notification to the parent/guardian.
3. The school will provide written instructions to the parent/guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent/guardian brings the student to school to be checked by school personnel and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school until it is determined by school officials he/she is free of head lice.

CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES

In the case of non-casual contact, communicable diseases, the Center still has the obligation to protect the safety of the staff and students. [8453](#) In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to insure that the rights of the person affected and those in contact with that person are respected. The Center will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion. Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human-immunodeficiency), Hepatitis B, and other diseases that may be specified by the State Board of Health.

BUS ARRIVAL AND DEPARTURE

The home school provides bus transportation for all students who attend the Center. Bus arrival and departure schedules are posted in all Technology Center programs. These schedules are determined by each high school in order to provide students the maximum amount of training time while at the Center. If students have more time for training, they can learn dependability, job specialty, and interpersonal skills which will help them get a job. Therefore, students arriving at the Center are to report directly to their programs. Students are dismissed three minutes before bus departures.

STUDENT INFORMATION SHEET

All required forms along with the Student Information Sheet can be found online on our web-site vbisd.org. If you are unable to complete these forms on-line please find all of the forms located at the end of this handbook. All students are required to complete a VBTC Student Information Sheet. This form is important for us to have on file because it provides emergency phone numbers, health information, medication information, and restrictions which may require modification for a student. Students are expected to complete the form within **ten (10) days** after review of the handbook. Students not returning this form or have not made arrangements with the office within this time line **WILL NOT** be admitted to class until a form is returned.

FIELD TRIPS

Field trips at the Technology Center are to provide opportunities for students to observe instructional training skills being applied at job work sites. **2340** Students should be prepared to ask questions, pay attention, observe, listen, and respond appropriately.

Field trips are academic activities that are held off school grounds and considered a privilege for students. All Technology Center rules and VBISD policies apply on all field trips and during the transportation to and from. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student under 18 years of age may participate in any school-sponsored trip without parent/guardian consent. No student will be allowed to drive to a field trip site unless the school does not provide transportation.

The Technology Center uses the **Parent Guardian Student Signature Page** – (*on-line or in the back of the hardcopy handbook*) as a way for parents to give permission for their son/daughter to attend any and all field trips taken at the Technology Center throughout the school year. A letter will still be sent home to parents/guardians in advance informing them of all upcoming trips.

Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete 2 or more missing assignments six weeks prior to the field trip;
- Behavioral or safety concerns;
- Denial of permission from Administration;
- Less than 90% attendance six weeks prior to the field trip;
- Receiving an employability skills grade lower than a B- (2.5) six weeks prior to the field trip;
- Other reasons as determined by the school.

Students who attend field trips with their home school classes must bring in a note from a home school administrator or teacher verifying their absence in order to be marked a school related absence. If we do not receive any notification, or a note, the student will be marked as a regular absence.

SCHOOL SPONSORED CLUBS AND ACTIVITIES

The Van Buren Technology Center provides students the opportunity to broaden their learning through curricular-related activities. The Center has student groups that are authorized by the Center. It is the District's policy that the only authorized groups are those approved by the Board of Education and sponsored by a staff member. Fundraising activities by school organizations must be approved in advance by the Dean of Students. Organization sponsors assume the responsibility for supervising the project, accounting for funds, making reports, and any other details involved in the project. Authorized groups at this time include: BPA, DECA, SKILLS USA, FFA, MITES, FIRST Robotics, EMT Challenge, Pro-Start Culinary Competition, FNA and FCCLA.

The school may establish fees and charges to cover the costs for certain extracurricular and noncredit activities. Materials for student organizations, clubs, independent study, or special projects, as well as transportation costs and admission/participation fees for District-sponsored trips and activities may be included. Fees will not be charged for any mandatory school activity or required curriculum activity. Extra-curricular activities for which fees are charged may not be used in determining credit or grades in any course. A fee shall not exceed the combined cost of the service(s) provided and/or materials used.

Students may be prohibited from attending student organization events for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete 2 or more missing assignments six weeks prior to the event;
- Behavioral or safety concerns;
- Denial of permission from Administration;
- Less than 90% attendance six weeks prior to the event;
- Receiving an employability skills grade lower than a B-(2.5) six weeks prior to the event;
- Receiving an overall grade that is less than a B-
- Other reasons as determined by the school.

NON-SCHOOL SPONSORED CLUBS AND ACTIVITIES

Non-school-sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the Administrator for Operations. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that non-school persons do not play a regular role in the event.

Technology Center rules will still apply regarding behavior and equal opportunity to participate. Membership in any fraternity, sorority, or any other secret society as proscribed by law is not permitted. All groups must comply with Technology Center rules and must provide equal opportunity to participate. No non-district-sponsored organization may use the name of the school or school logo.

DRIVING PERMITS

The home school provides bus transportation for all students who attend the Technology Center. [5514.01](#) In those cases where home schools have elected to allow students to drive to the Center, students must register their vehicle in the Technology Center Office. Driving to the Center is a privilege which can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parent/guardians assume full responsibility for any transportation to and from school not officially provided by the school. Students violating their home school regulations regarding driving will be subject to disciplinary action by their home school according to those regulations. The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in vehicles parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to view by others. Based on the reasonable suspicion standard, vehicles parked on school grounds may be subject to search. Prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school, as well as referral to law enforcement.

Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME**. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras will be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

The following rules shall apply:

- Students are to have a driving permit signed by their parent/guardians and their home school administrator granting permission to drive to the Center.
- Students shall provide the Center with a copy of the driving permit to keep in their file.
- Riders must be included on the driving permit form.
- Parking lot speed limit is 10 m.p.h.

- Upon arriving to school student must immediately report to their program.
- Paperwork must be **filled out completely** before a parking permit is issued.
- The student lot will be the east side of the north parking lot.
- Failure to comply with these rules will result in loss of privileges and/or disciplinary actions for student.
- When the school provides transportation, students shall not drive to school-sponsored activities.

PARKING STICKERS

Any student driving to the Center **MUST** have a Van Buren Technology Center parking sticker. Parking stickers can be picked up in the Student Services Office after listening to the driver orientation presentation given to them by a member of the Student Services Office. Students must bring a copy of their driving permit from their home school office before the Technology Center will issue a parking sticker. There will be a **\$3 charge** to replace a lost parking sticker. Parking spaces may be assigned and we may limit the number of parking based on availability of spaces. If they have all been assigned, no more parking stickers will be given out.

VISITORS

Visitors, particularly parent/guardians, are welcome at the Center. **9150** Students who wish to bring an out-of-school visitor must obtain written permission from an Administrator 24 hours prior to the visit. In order to properly monitor the safety of students and staff, each visitor must buzz in the front doors and report to the office upon entering the Center to obtain a pass. Any visitor found in the building without a pass shall be reported to administration. If a person wishes to confer with a member of the staff, he/she should call for an appointment prior to coming to the Center in order to prevent any inconvenience. Students who wish to bring another high school student **must** go through their high school guidance office to set up a visit. Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in an appropriate manner will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

SCHOOL VOLUNTEERS

All school volunteers must complete the “Volunteer Information Form” (available in the school office) and be approved by the Technology Center Director before assisting at the school. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the Technology Center Director.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination. Volunteers may be asked or required to submit a criminal background check and/or finger printing.

SIGN IN/OUT

Any student who arrives at the Van Buren Technology Center late because they were transported in a private vehicle must report to the office upon their arrival and check in with the Student Services Secretary. No student will be allowed to leave school prior to dismissal time either without a written request signed by the parent/guardian, a person whose signature is on file in the Technology Center Office or the parent/guardian coming to the Center Office to request the release. No student will be released to a person other than a custodial parent/guardian without a permission note signed by the custodial parent/guardian and home school administrator. Any student who leaves the Center early due to illness, pre-arranged absence, medical appointment, or who will not be riding school provided transportation home, must check out with the Student Services Secretary in the Student Services Office. Any student who wishes to sign out early and use transportation other than that provided by their home school must have prior permission from their home school administrator, the Technology Center administrator and must check out at the time of their departure with the Student Services Secretary. The Van Buren Technology Center is a closed campus and students are not to leave the building without administrative approval.

WITHDRAWAL FROM SCHOOL

Any student who wishes to withdraw from the Center should contact their home school guidance counselor. The home school counselor will contact the Center.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safekeeping and will not be liable for loss or damage to personal valuables.

STUDENT SALES

No student is permitted to sell any item or service in school without the approval of an Administrator. Violation of this may lead to disciplinary action.

ADVERTISING OUTSIDE ACTIVITIES

No announcements or posting of outside activities will be permitted without the approval of an Administrator. A minimum of 24-hour notice is required to ensure that the Administrator has the opportunity to review the announcement or posting.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom, and the permission of an Administrator to use any other school equipment or facility. Students will be held responsible for the proper use and safekeeping of any equipment or facility they are allowed to use. [5513](#)

When school property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine may be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

A student whose parent/guardian is unable to afford these fees may request a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment. Applications for fee waivers may be submitted by a parent/guardian of a student who has been assessed a fee. The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

LOST AND FOUND

All lost and found articles are located in the Student Services Office. Lost articles should be reported to the Student Services Office at once. Found articles will be held for a reasonable length of time. Unclaimed items will be given to charity at the close of the school year. Students should check immediately after having lost an article, then check again three or four days later. The Technology Center is not responsible for lost or stolen articles. If students bring something of value to the Center, they are responsible for it.

STUDENT USE OF ELECTRONIC DEVICES

Students are not permitted to play music devices or electronic equipment at the Van Buren Technology Center. [5136](#)

Audio and electronic equipment may be brought into the Center for repair if it has been prearranged or approved by the Instructor and the Dean of Students. Students are permitted to use cell phones, electronic communication devices, or other personal communication devices in school for educational purposes under the direction of the teacher or for health or other unusual reasons approved by the Board of Education and with permission from an Administrator.

MEDICATION

Every effort should be made to dispense medication prior to attending the Technology Center. [5330](#) In those circumstances where a student must take prescribed medication during the time they attend the Center, the following guidelines are to be observed:

- 1) Parent/guardians should determine with their physician's counsel whether the medication schedule can be adjusted to avoid administering medication during school hours.

- 2) The Medication Request and Authorization Form 5330 F1 must be filed with the respective building Administrator before the student will be allowed to begin taking any medication during school hours. Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician accompanied by the written authorization of the parent/guardian. Both must also authorize any self-medication by the student. This does not include the emergency administration an epinephrine auto-injector (EpiPen®) by a trained school or district employee as provided under state law.
- 3) All medications must be turned into the Student Services Office in a clearly labeled prescription bottle. Administration of medication will comply exactly with the direction of a student's physician, as to dosage and time schedule. The parent/guardians shall have sole responsibility to instruct their child to take the medication at the scheduled time, and the child has the responsibility for both presenting himself/herself on time and for taking the prescribed medication.
- 4) A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date and the time of day. This log will be maintained along with the physician's written request and the parent/guardian's written release. No staff member will be permitted to dispense non-prescribed, over the counter medication to any student.

SELF-ADMINISTRATION OF MEDICATION

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. [5330.01](#) The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

ANIMALS ON SCHOOL PROPERTY

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a disability. [8390](#) This rule prohibiting animals on school property may be temporarily waived by an administrator in the case of a unique educational opportunity for students, provided that: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

SCHOOL AND STUDENT RIGHTS

Students entering the Van Buren Technology Center will receive career development, technical training, job placement assistance and academic instruction. In order to provide a productive training environment, students must recognize their rights and those of the school system.

Civil Rights of Minors

The constitutional rights of individuals assure the protection of due process of law.

1. The philosophy of the exercise of disciplinary authority will be fairness to all parties concerned.
2. Every effort shall be made, by administrators and staff members, to resolve problems through effective utilization of Van Buren Technology Center resources in cooperation with the student and his/her parent/guardian.
3. A student must be given an opportunity for a hearing if the student or his/her parent/guardian indicates the desire for one. A hearing shall be held to allow the student and his/her parent/guardian to contest the facts which may lead to disciplinary action, or to contest the appropriateness of the sanction imposed by a disciplinary authority, or to contest alleged prejudice or unfairness on the part of the school district official responsible for the discipline.
4. The hearing authority may request the student and parent/guardian to attempt conciliation first; but if the student and parent/guardian decline this request, the hearing authority shall schedule the hearing as soon as possible.

5. The following procedural guidelines will govern the hearing:

- a. Written notice of charges against a student shall be supplied to the student and his/her parent/guardian.
- b. Parent/guardian shall be present at the hearing.
- c. The student or parent/guardian may be represented by legal counsel.
- d. The student shall be given an opportunity to give his/her version of the facts and their implications. He/she should be allowed to offer the testimony of other witnesses and other evidence.
- e. The student shall be allowed to observe all evidence offered against him/her. In addition, he/she shall be allowed to question any witness.
- f. The hearing shall be conducted by an impartial hearing authority who shall make his/her determination solely upon evidence presented at the hearing.
- g. A record shall be kept of the hearing.
- h. The hearing authority shall state, within a reasonable time after the hearing, his/her decision, if any, as to disciplinary action.
- i. The findings of the hearing authority shall be put in writing and sent to the student and his/her parent/guardian.
- j. The student and parent/guardian shall be made aware of their right to appeal the decision of the hearing authority to the appropriate appellate authority.
- k. This policy is not intended to conflict with current court decisions.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the Center are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teacher directions and obey all school rules. Disciplinary procedures are designed to insure due process (*a fair hearing*) before a student is removed because of his/her behavior.

Parent/guardians have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the mail or hand delivery may be used to insure contact. Parent/guardians are encouraged to build a two-way link with their student's instructors and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and to be prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from a Career Guidance Counselor.

HOMELESS CHILD'S RIGHT TO EDUCATION

When a child loses permanent housing and becomes a homeless person as [5111.01](#) defined by law, or when a homeless child changes his/her temporary living arrangements, the parent/guardian of the homeless child has the option of either:

- (1) continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
- (2) enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

The school district's designated "homeless liaison" is Wendy Pierce.

MANDATED REPORTERS

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Michigan Family Independence Agency. [8462](#)

AGE OF MAJORITY

Adult students (18 or older) are expected to follow school rules. If residing at home, adult students should include their parent/guardians in their educational program. Eighteen-year-old students are legally recognized as adults. Except as noted below, policies and procedures set forth in the student handbook will apply to all students, regardless of their attainment of the age of majority:

- *Students 18 years and older may have the same privilege as their parents/guardians as it relates to access to their student record.*
- *Students 18 years and older may represent themselves during disciplinary conferences and be the addressee for their grade reports.*
- *Students 18 years and older may sign themselves in and out of school and may verify their own absences and tardies.*
- *Students 18 years and older may provide reason(s) for their absences and tardiness, but are held to the same attendance requirements as other students, including the acceptable reason(s) for documented absences.*

Eligible students who wish to assert these rights should register their intent on the appropriate form and turn it into the Student Services Secretary at the Technology Center. [5780](#) Until such time as the eligible student registers this intent, school officials will not apply the above exceptions to school policies and procedures.

Special Education

Special Education services are available to students as specified in their Individualized Education Plan (IEP). To inquire about special education testing or available services, parents/guardians should contact the Specialized Instruction Coordinator at (269) 539-5327.

ACCOMMODATING PERSONS WITH DISABILITIES

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Education of Students with Disabilities

It is the intent of the school district to ensure that students who are disabled within the definition of the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act of 1973 ("Section 504") are identified, evaluated, and provided with appropriate educational services.

The school district provides a free appropriate public education in the least restrictive environment and necessary related services to all students with disabilities enrolled in the school.

For the provision of special education programs and services under the IDEA, the term "student with a disability" means a person between ages 3 and 26 for whom it is determined that special education services are needed. A student who reaches age 26 after September 1 is a "student with a disability" and entitled to continue a special education program or service until the end of that school year.

For the purposes of complying with Section 504, a "student with a disability" is a person who:

- (1) Has a physical or mental impairment, which substantially limits one or more of such person's major life activities;
- (2) Has a record of such an impairment; or
- (3) Is regarded as having such an impairment.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

Students with disabilities may be served within the regular education program with an accommodation plan developed by school staff. Parent/guardians who believe their child may have a disability that substantially limits the child's ability to function properly in school, should contact the Dean of Students at (269) 539-5000.

HOMEBOUND AND HOSPITAL INSTRUCTION

A student who is absent from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital. For information on homebound or hospital instruction, contact: Coordinator of Specialized Instruction (269) 539-5327.

STUDENT RIGHTS AND EXPRESSION

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

A) Material cannot be displayed if it:

- 1) is obscene to minors, libelous, indecent or vulgar;
- 2) advertises any product or service not permitted to minors by law;
- 3) intends to be insulting or harassing;
- 4) intends to incite fighting or presents a likelihood of disrupting school or a school event.

B) Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students must have approval 24 hours in advance from the Dean of Students before displaying any materials.

STUDENT CONCERNS, SUGGESTIONS AND GRIEVANCES

If a student has suggestions that could improve the school, he/she should feel free to offer them. Written suggestions may be presented directly to an administrator. A student has the right of a hearing if the student believes he/she has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard. A student may not petition to have a change in g

SCHOOL CLOSING

If the Center must be closed or the opening delayed because of inclement weather or other conditions, the Center will notify the following radio and television stations:

WCSY 98.3 FM
WWMT-TV Channel 3
WOOD-TV Channel 8
School Messenger

Parent/guardians and students are responsible for knowing about emergency closings and delays. The closing must specifically say the Van Buren Technology Center. On occasion, other Intermediate School District buildings will be closed but the Technology Center will remain open. Please do not confuse the Technology Center with the Career Transition Center (CTC) or the Learning Center.

ATTENDANCE GUIDELINE

The Van Buren Technology Center provides career and technical education with the goal of producing students that meet and exceed industry standards. Frequent absences hinder a student from learning the necessary skills required to become employable. Therefore, a good attendance record is critical. [5200](#)

Good attendance results in opportunities for student organization participation, field trip experiences, job placement, internships, clinical, and many other special work-based learning opportunities. Students who wish to participate with job placement, paid cooperative education or apprenticeship experiences must have 90% attendance record for six weeks prior to job placement (subject to administrative review).

Students attending the Van Buren Technology Center are subject to both the attendance policies of their own high schools and that of the ISD. The limit on the number of absences permitted in order to receive credit is determined by each high school's policy; however, should attendance at the Technology Center become an issue in student success, a contract may be required in an attempt to create successful learning. Failure to meet the terms of the contract may result in being dismissed from the Technology Center and/or not being allowed to return for the following year. In addition, students with poor attendance will lose the privilege of participating in field trips, student organizations and work-based learning opportunities.

PROCEDURE FOR REPORTING ABSENCES

If a student is going to be absent, the student or the student's parent/guardian has the responsibility of contacting their instructor and or the attendance secretary, at 269-539-5347, prior to the start of class. This contact should include the reason for absence and length of absence, if known. If an extended absence is anticipated, an estimated length of time should be provided. All documentation must be turned into the Student Services office at the Technology Center.

Days when a local school is not sending students to the Technology Center, do not require a contact to report an absence.

If an extended absence is due to a vacation it will be considered "undocumented" unless a signed copy of the local district's form is submitted to the Student Services Office.

This attendance policy is based on a per semester total. A student who is sent back to their home school may not be eligible to re-enroll in classes.

A student must be in attendance for at least ½ of their class period to be considered present. A student that signs in after this time frame will be considered absent.

The Technology Center will follow the attendance intervention protocol outlined below. All efforts will be made to develop an intervention plan that solves chronic absenteeism.

ATTENDANCE INTERVENTION PROTOCOL

1. After three absences, the teacher will place a phone call to the student's home to discuss the matter with the parents.
2. After six absences, a letter will be sent home requesting a conference between the parents, the student and a school official. At the conference, a plan-of-action, which will include an attendance contract, will be developed.
3. After eight absences, notification will be sent to the parents via School Messenger.
4. After ten absences, if a student is failing and has failed to meet the terms of the plan-of-action and the attendance contract, the student may be dismissed from the Technology Center.

DEFINITIONS OF ABSENCES IN POWERSCHOOL:

D - Documentation submitted to Student Services from a health care provider, court system, armed services or funeral home	C - Co-op
E - Parent/Guardian phoned-in the absence	J - Job Shadow
T - Tardy	W - Work Experience
O - Undocumented	R - School Related
F - Field Trip	S - Out-of-School Suspension
H - In-School Restriction	Z - Snow Day
	V - Vacation

TRUANCY

The laws of the Michigan Revised School Code are followed in regards to truancy, and the ISD will refer the matter to the student's local school.

ATTENDANCE POLICY FOR STUDENT ORGANIZATIONS AND FIELD TRIPS

Attendance checks will occur prior to every field trip and student organization event. In order for students to participate, they must have 90% positive attendance for the six weeks prior to the event. Please see more information listed under the Field Trip and School Sponsored Activities sections of the handbook.

Release Time for Religious Instruction/Observance

A student will be released from school, to observe a religious holiday or for religious instruction. [5223](#) The student's parent/guardian must give written notice to the Dean of Students at least 5 calendar days before the student's anticipated absence(s). Students excused for religious reasons will be given an opportunity to make up any examination, study or work requirement.

TARDINESS

Students arriving at the Center are expected to enter their program area immediately after bus arrival and remain in their program throughout the school day. With school buses arriving from many districts, it is necessary to keep the hallways clear and accessible for incoming students. If a student is late arriving at school, he/she is to report to the Student Services Office and sign in with the Student Services Secretary before proceeding to his/her program area. A student who does not report directly to their program, without a valid reason, will be marked tardy. Students have three (3) minutes from the time the home school bus drops students off at the Technology Center to make it down to their program area.

Punctuality is emphasized in each program. Tardiness may result in loss of points for career and employability and may prevent students from participating in job placement opportunities. [5230](#)

Students considered tardy 3 times will lose their parking permit for a minimum of two weeks. Any further incidences of tardiness could result in the permanent loss of their parking permit and entry into the disciplinary process.

Students who drive to the Technology Center and arrive after their home school busses scheduled arrival time are considered tardy.

STUDENT CODE OF CONDUCT

DRESS CODE

In developing acceptable habits of dress and grooming, it is necessary that the dress policy reflect that of business and industry. [5511](#) Uniforms, similar to those worn in business and industry, will be required in many laboratories. Students' personal hygiene should reflect appropriate employability standards. A student may be suspended from a program or removed if they do not conform to such standards. While fashion changes, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines:

- Student dress (including accessories) may not advertise, promote, or depict alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.
- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
- Coats, bandanas, sweat bands, and sun glasses may not be worn in the building during the school day.
- Hair styles, dress, and accessories that pose a safety hazard are not permitted in the shop laboratories.
- Clothing with holes, rips, tears, and clothing that is otherwise poorly fitting, showing skin and/or undergarments may not be worn at school.
- The length of shorts or skirts must be appropriate for the school environment – As deemed by the Dean of Students.
- Appropriate footwear must be worn at all times – Deemed appropriate by the program.
- Student whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject discipline.

Students who question whether or not certain attire or grooming is appropriate should check with their Instructor. Students who are representing the Center at an official function or public event may be required to follow specific dress requirements.

STUDENT EDUCATION TECHNOLOGY ACCEPTABLE USE AND SAFETY

Students are authorized to use the Board's computers, laptops, tablets, personal communication devices, network, and Internet connection and online educational services ("Education Technology" or "Ed-Tech") for educational purposes. [7540](#) Use of the Education Technology is a privilege, not a right. When using the Ed Tech, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Unauthorized or inappropriate use of the Ed Tech, including any violation of these guidelines, may result in cancellation of the privilege, disciplinary action consistent with the Student Handbook, and/or civil or criminal liability. Prior to accessing the Education Technology students and parents of minor students must sign the Student Education Technology Acceptable Use and Safety Agreement. Parents are encouraged to discuss their values with their children and encourage students to make decisions regarding their use of the Ed-Tech that is in accord with their personal and family values, in addition to the Board's standards. Students must complete a mandatory training session/program before being permitted to access the Education Technology and/or being assigned a school e-mail address.

Smooth operation of the Board's Education Technology relies upon users adhering to the following guidelines. The guidelines outlined below are provided so that users are aware of their responsibilities.

- A. Students are responsible for their behavior and communication on the Education Technology. All use of the Network must be consistent with the educational mission and goals of the District.
- B. Students may only access the Internet by using their assigned Internet/E-mail account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their passwords. Students are responsible for

taking steps to prevent unauthorized access to their accounts by logging off or "locking" their computers when leaving them unattended.

- C. Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent other users on the District's Network. Students may not intentionally disable any security features of the Education Technology.
- D. Students may not use the Education Technology to engage in "hacking" or other unlawful activities.
 - 1. Students shall not use the Education Technology to transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex, sexual orientation or transgender identity, age, height, weight, disability, religion, or political beliefs. Sending, sharing, viewing, or possessing pictures, text messages, e-mails, or other materials of a sexual nature (i.e. sexting) in electronic or any other form, including the contents of a personal communication device or other electronic equipment is grounds for discipline. Such actions will be reported to local law enforcement and child services as required by law.
 - 2. Use of the Education Technology to engage in cyberbullying is prohibited. "Cyberbullying" is defined as the use of information and communication technologies (such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal websites, and defamatory online personal polling websites), to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others."

[Bill Belsey (<http://www.cyberbullying.ca>)]

Cyberbullying includes, but is not limited to the following:

- a. posting slurs or rumors or other disparaging remarks about a student on a website or on weblog;
 - b. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
 - c. using a camera phone to take and send embarrassing and/or sexually explicit photographs/recordings of students;
 - d. posting misleading or fake photographs of students on websites.
- E. Transmission of any material in violation of any State or Federal law or regulation, or Board policy is prohibited.
 - F. Any use of the Education Technology for commercial purposes, advertising, or political lobbying is prohibited.
 - G. Students are expected to abide by the following generally-accepted rules of online etiquette:
 - 1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Board's Education Technology. Do not use obscene, profane, vulgar, sexually explicit, defamatory, or abusive language in your messages.
 - 2. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Education Technology.
 - 3. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
 - 4. Never agree to get together with someone you "meet" on-line without prior parent approval.

5. Check e-mail frequently and delete e-mail promptly to avoid excessive use of the electronic mail disk space.
 6. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains sexually explicit content (e.g. pornography). Students should not delete such messages until instructed to do so by a staff member.
- H. Use of Education Technology to access, process, distribute, display or print child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors is prohibited. As such, the following material is prohibited: material that appeals to a prurient interest in nudity, sex, and excretion; material that depicts, describes or represents in a patently offensive way with respect to what is suitable for minors an actual or simulated sexual act or sexual contact, actual or stimulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and material that lacks serious literary, artistic, political or scientific value as to minors. Offensive messages and pictures, inappropriate text files, or files dangerous to the integrity of the Board's computers/network (e.g., viruses) are also prohibited.
- I. Malicious use of the Education Technology to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not engage in vandalism or use the Education Technology in such a way that would disrupt its use by others. Vandalism is defined as any malicious or intentional attempt to harm, steal or destroy data of another user, school networks, or technology hardware. This includes but is not limited to uploading or creation of computer viruses, installing unapproved software, changing equipment configurations, deliberately destroying or stealing hardware and its components, or seeking to circumvent or bypass Network security and/or the Board's technology protection measures. Students also must avoid intentionally wasting limited resources. Students must immediately notify the teacher, building principal, or Technology Administrator if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access (hacking).
- J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions of authorship must be respected.
- K. Downloading of information onto the school-owned equipment or contracted online education services is prohibited; all downloads must be to an external device. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the District's Education Technology with a virus and causes damage, the student will be liable for any and all repair costs to make the Education Technology once again fully operational.
- L. Students must secure prior approval from a teacher or the Administrator for Technology before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."
- M. Students may use real-time electronic communication, such as chat or instant messaging, only under the direct supervision of a teacher or in moderated environments that have been established to support educational activities and have been approved by the Board, Superintendent, or building principal. Students may only use their school-assigned accounts/email addresses when accessing, using or participating in real-time electronic communications for education purposes.
- N. Privacy in communication over the Internet and through the District's Education Technology is not guaranteed. To ensure compliance with these guidelines, the Board reserves the right to monitor, review, and inspect any directories, files and/or messages residing on or sent using the Board's Education Technology. Messages

relating to or in support of illegal activities will be reported to the appropriate authorities.

Users have no right or expectation to privacy when using the Education Technology. The District reserves the right to access and inspect any facet of the Education Technology, including, but not limited to, computers, laptops, tablets, personal communication devices, networks or Internet connections, online educational services, e-mail or other messaging or communication systems or any other electronic media within its technology systems or that otherwise constitutes its property and any data, information, e-mail, communication, transmission, upload, download, message or material of any nature or medium that may be contained therein.

A student's use of the Educational Technology constitutes his/her waiver of any right to privacy in anything s/he creates, stores, sends, transmits, uploads, downloads or receives on or through the Educational Technology and related storage medium and equipment.

Routine maintenance and monitoring, utilizing both technical monitoring systems and staff monitoring, may lead to discovery that a user has violated Board policy and/or the law. An individual search will be conducted if there is reasonable suspicion that a user has violated Board policy and/or law, or if requested by local, State or Federal law enforcement officials. Students' parents have the right to request to see the contents of their children's files, e-mails and records.

- O. Use of the Internet and any information procured from the Internet is at the student's own risk. The Board is not responsible for any damage a user suffers, including loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions. The Board is not responsible for the accuracy or quality of information obtained through its services. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials.
- P. Disclosure, use and/or dissemination of personal identification information of minors via the Internet is prohibited, except as expressly authorized by the minor student's parent/guardian on the "Student Network and Internet Acceptable Use and Safety Agreement Form."
- Q. Proprietary rights in the design of web sites hosted on the Board's servers remains at all times with the Board.
- R. Students may not establish or access web-based e-mail accounts on commercial services through the Ed-Tech Network (e.g., Gmail, Hotmail, Yahoo mail, etc.).
- S. Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.

Any individual who is aware of a violation of the Board policy or this guideline, including inappropriate on-line contact, content, or conduct, such as sexting, harassment or cyberbullying, should bring it to the attention of a school administrator or Superintendent immediately.

A major component of the educational program at the Van Buren Technology Center is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards. [5500](#)
Each student shall be expected to:

- abide by national, state, and local laws as well as the rules of the school;
- respect the civil rights of others;
- act courteously to adults and fellow students;
- be prompt to school and attentive in class;
- work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background;
- complete assigned tasks on time and as directed;

- help maintain a school environment that is safe, friendly, and productive;
- act at all times in a manner that reflects pride in self, family, and in the school.

SUSPENSION OR DISMISSAL FROM TECHNOLOGY CENTER

Suspension is defined as a temporary removal of a student from school for a specific or indefinite period of time by administrative action. [5610](#) Michigan Department of Education guidelines give the following reasons for suspending students:

1. very bad conduct;
2. continually breaking school rules; or
3. when the judgment of the school demands it.

These procedures will be followed when students are suspended:

1. Instructors may temporarily remove students from their classes for the balance of any class period. Suspension for a longer period of time may only be made by an administrator.
2. A student shall be fully informed of the charges brought against him/her, including the rationale for the action taken.
3. The student will have the right to present any relevant information that will support his/her defense to the Van Buren Technology Center Dean of Students.
4. If the student is suspended, the Dean of Students shall immediately make a reasonable effort, preferably by telephone, to notify either parent /guardian and local school administrators of the action taken. If telephone contact cannot be made, a note sent home with the student will be considered “reasonable effort.” Written notification of such contact or attempted contact shall be maintained by the administrator.
5. Verbal notification shall be followed by written communication to the parent/guardian stating the charges, reasons, and conditions of the separation or suspension. A copy of the letter shall be placed in the student’s cumulative file.
6. If the parent/guardian is dissatisfied with the action taken, he/she may appeal to the Dean of Students.
7. The Administrator’s decision may be appealed to the VBISD Superintendent. The parent/guardian should submit a written request within two school days to the Superintendent to review this decision.

SUSPENSION STATUS

Students suspended from the Van Buren Technology Center are usually suspended from their home school as well. In addition, students suspended from their home schools are not to attend the Technology Center. Each situation will depend upon the local school district’s policies which may affect the length of suspension or whether it is an in-school restriction or out-of-school suspension. Students are not to be found on the Technology Center grounds while serving an out-of-school suspension, unless a conference is required. Students on in-school restriction at the Center, are to report directly to their program area to check in and then go immediately to the Student Services Office or to the in-school restriction area.

FACTORS TO BE CONSIDERED BEFORE SUSPENDING OR EXPELLING A STUDENT

Prior to suspending or expelling a student for any of the statutorily mandated reasons, except as noted below, the Board (*Superintendent*) shall consider the following factors:

- a) the student's age
- b) the student's disciplinary history
- c) whether the student has a disability
- d) the seriousness of the violation or behavior
- e) whether the violation or behavior committed by the student threatened the safety of any student or staff member
- f) whether restorative practices will be used to address the violation or behavior
- g) whether a lesser intervention would properly address the violation or behavior

The Board (*Superintendent*) will exercise discretion over whether or not to suspend or expel a student for the statutorily mandated reasons. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a

suspension or expulsion is not justified unless the Board (*Superintendent*) can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Board (*Superintendent*) will still consider the factors.

A student may not be expelled or excluded from the regular school program based on pregnancy status. [5751](#)

Exception: If a student possesses a firearm in a weapon free school zone, the student will be permanently expelled without considering the above factors, unless the student can establish mitigating factors by clear and convincing evidence.

In recognition of the negative impact on a student's education, the Board encourages the District's administrators to view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort, except where these disciplines are required by law. Alternatives to avoid or to improve undesirable behaviors should be explored when possible prior to implementing or requesting a suspension or expulsion. [5610.01](#)

RESTORATIVE PRACTICES

The Van Buren Technology Center shall consider using restorative practices as an alternative or in addition to suspension or expulsion.

Restorative practices may include victim-offender conferences that:

- a) are initiated by the victim;
- b) are approved by the victim's parent or legal guardian or, if the victim is at least fifteen (15), by the victim;
- c) are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team");
- d) would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

GUIDELINES FOR SUSPENSION AND EXPULSION

The following administrative guidelines should be followed to provide a fair hearing for each student charged with an offense leading to suspension or expulsion. [5610](#)

EMERGENCY REMOVAL

A student may be removed or excluded from a classroom or a school when he/she poses a continuing danger to persons or property or represents an on-going threat of disrupting the educational process taking place in the classroom or the school premises. Such removal must be for a period of less than twenty-four (24) hours without being subject to suspension and expulsion procedures.

If a member of the school faculty removes a student, under his/her supervision from a classroom or activity, he/she must submit to the Dean of Students written reasons for the removal the day the removal occurs.

A hearing must be held by the Dean of Students in accordance with the suspension or expulsion requirements depending on the probable outcome of the hearing. The person who caused, ordered, or requested the removal should be present.

Written notice must be provided to the student and the parent/guardian as soon as practicable prior to the hearing.

If the probable outcome of the hearing is suspension, the hearing procedures applicable to suspension must be applied. If the probable outcome is expulsion of the student, the hearing procedures applicable to an expulsion must be followed:

TEACHER INITIATED SUSPENSION

A teacher may suspend a student from class, subject, or activity for up to one (1) class period for certain conduct as specified in the Code of Conduct. The teacher shall immediately send the student to the Dean of Students and specify the reason for the suspension as specified in the Student Code of Conduct. As soon as possible after the suspension, the teacher shall schedule a parent/guardian-teacher conference regarding the suspension. If feasible, the counselor shall attend the conference. The Dean of Students may attend upon request of the

teacher or parent/guardian. The student shall not be returned to the class, subject, or activity that school day without the consent of both the teacher and the Dean of Students.

SHORT-TERM SUSPENSION

The Dean of Students may impose a suspension of up to ten (10) days duration, but shall notify the student's parent/guardians of the suspension by telephone or by regular mail and shall send a copy of the notification home with the student and shall include the parent/guardian rights to appeal by enclosing this policy with the suspension notice.

1. *Preliminary Hearing*

No student may be suspended without a hearing unless a clear and present danger exists, or it is otherwise impossible or unreasonably difficult to hold such hearing. In such instances, the necessary notice and hearing shall follow as soon as practicable.

The Dean of Students or designee shall provide the student with an oral or written notice of the charge(s) against him/her and shall provide a hearing for the student before a suspension is ordered so that the student has a full opportunity to state why he/she should not be suspended. This preliminary hearing shall be an informal one in which the student is given a chance to respond to the charges and present any witnesses. The student's parent/guardians may be informed of the charges and the preliminary hearing if the Dean of Students so chooses. The hearing shall be held on the day of the alleged infraction or as soon thereafter as possible if an emergency prohibits an immediate hearing.

2. *Sending a Student Home*

Unless the student is an immediate threat to the safety of the school, he/she should remain in school until class is dismissed for the day. If the situation indicates that the student should be removed from the premises, the Dean of Students shall attempt to reach the student's parent/guardians to request they pick up their child. If they are unable to do so, the student should remain in the building administration office until school is dismissed.

The Dean of Students may forego the previous provision in the event of mass violations of school rules or where it is not possible to keep the student(s) on school grounds and restore order or protect people on school property. In such an emergency situation, the Dean of Students shall contact the Superintendent.

3. *Responsibility for School Work*

For an in-school restriction, credit will be given for all classroom assignments that can be completed during the in-school restriction or as homework.

Credit will be given for work missed due to out-of-school suspension provided the student completes and submits all required assignments upon return to school.

Failures shall be given for any classroom work that cannot be attended such as laboratories or skill sessions.

4. *Appeal*

Suspension of more than one (1) school day but not more than ten (10) school days may be appealed in writing to the Dean of Students within two (2) school days of the parent/guardians' receipt of the written suspension notice. The written appeal must contain the reason(s) that the suspension is being appealed.

The student shall be reinstated during the appeal process unless it is determined that the student's attendance would jeopardize the safety of the student or of others.

Upon review, the Dean of Students may uphold the suspension, establish an alternative suspension of lesser severity, or reverse the suspension in its entirety. The review may include, but not be limited to, a meeting with the parent/guardians if, in the Dean of Students opinion, this is appropriate.

The Dean of Students will reach the decision and inform the parent/guardians in writing within ten (10) school days after the receipt of the written request.

The decision of the Dean of Students may be appealed in writing to the Director within two (2) school days of the parent/guardians' receipt of the decision. The Director will reach a decision and inform the parent/guardians in writing within ten (10) school days after the receipt of the written request. The Director's decision shall be considered final. The parent/guardians may appeal to the Board only in cases of alleged violation of due process [5611](#) by the Director. In such cases, the appeal shall be made in writing to the Board President within two (2) school days after the parent/guardians' receipt of the decision and shall include a statement of the alleged violation of the policy. The Board shall notify the parents of its decision within ten (10) days of receipt of the written request.

5. Long-Term Suspension and Expulsion

If, in the Dean of Students opinion or as required by statute, the alleged infraction warrants a long-term suspension or expulsion, he/she shall refer the case to the LEA Superintendent and ISD Superintendent and submit the following documentation:

1. the rule(s) alleged to have been violated
2. the charges against the student
3. approximate date of the violation
4. recommendation (s) for long-term suspension or expulsion
5. copy of suspension
6. chronology of disciplinary/corrective actions and witness statements

6. Disabled Students

In accordance with Board Policy [5605](#) a student in Special Education must be referred to the I.E.P.C. and those disabled under 504 must be referred to the 504 Coordinator to determine if the behavior is related to the disability. No special education Section 504 student will be expelled if the student's misconduct is a manifestation of his/her disability as determined through a manifestation hearing. Any student with a disability whose misconduct is not a manifestation of his/her disability may be suspended or expelled pursuant to school disciplinary procedures.

7. Student's Record

A record of a student's suspension or expulsion is to be made part of the permanent record until she/he leaves the school and released in accordance with Student Records. Days of absence shall be noted in the student's permanent attendance records as an authorized absence because of suspension or expulsion.

8. Waiver

It is the student's prerogative to waive his/her right to a formal hearing. This waiver is to be in writing and signed by both student and parent/guardians. The signatures should be witnessed. Additionally, the student can constructively waive the hearing by simply not availing himself/herself of the opportunity for it, but such waiver cannot be construed before the passage of considerable period of time, since it operates to close off the student's rights.

DISCIPLINE

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school sponsored events and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules. Ultimately, it is the Dean of Students responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have it match the severity of the incident. Two types of discipline are possible, informal and formal. [5600](#)

Informal Discipline:

Informal discipline takes place within the school. It includes:

- a) writing assignments
- b) change of seating or location
- c) temporary "time out" from classroom environment
- d) in-school restriction (up to 3 days)

In-school restriction - assigned students will attend a continuous 2½ hour period. Each student shall arrive with sufficient education materials to be busy during this 2½ hour study period. Any such suspension shall be in accordance with District guidelines on suspension and expulsion.

The following rules shall apply to in-school restriction:

- a) students are required to have class assignments with them;
- b) students are not to communicate with each other unless given special permission to do so;
- c) students are to remain in their designated seats at all times unless permission is granted to do otherwise;
- d) students shall not be allowed to put their heads down or sleep;
- e) no music devices, cards, magazines, or other recreational articles shall be allowed in the room;
- f) no food or beverages shall be consumed.

Formal Discipline:

Formal discipline removes the student from school. It includes emergency removal for up to 72 hours, suspension for up to 10 school days, and expulsion from school. Removal for less than one school day without the possibility of suspension or expulsion may not be appealed. Suspension and expulsion can be appealed.

Students being considered for suspension or expulsion are entitled to an informal hearing with the building administrator, prior to removal, at which time the student will be notified of the charges against him/her and given an opportunity to make a defense. If a student is suspended, the parent/guardians may appeal the suspension, in writing to the Dean of Students and a formal appeal hearing will be held. Suspension from co-curricular and extra-curricular activities may not be appealed.

When a student is being considered for expulsion, a formal hearing is scheduled with the Board of Education and the parent/guardians will be given written notice of the hearing and will be expected to be present. The Superintendent then takes testimony and determines if a recommendation to expel is to be made to the Board of Education. This decision may also be appealed. In the case of expulsion, the student remains out of school during the appeal period. Work missed during an expulsion cannot be made up and usually results in a loss of credit.

If a student commits a crime while under the Center's jurisdiction, he/she may be subject to school disciplinary action as well as to action by the community's legal system. These are separate jurisdictions and do not constitute double jeopardy (being tried twice for the same crime).

DISCIPLINE REFERRAL PROCESS

In order to maintain a productive program environment, it is necessary to have clear and specific rules. These rules identify organized, consistent, orderly, safe, and reasonable methods of operating programs. With any set of rules or expectations, it is appropriate to have consequences. Students who are able to meet or exceed program rules and behavior expectations may expect positive or productive consequences. Examples of positive consequences are praise, good grades, letters to parent/guardians, and awards.

Students who do not follow Center or program rules and behavior expectations will receive assistance and training through a progressive disciplinary system. Disciplinary referral at the Center is a step-by-step preventive approach to inappropriate behavior relating to program rules, insubordination, and classroom disruption. Students who demonstrate difficulty following program rules, disrupting class, exhibit chronic behavior or are insubordinate, will follow the attached disciplinary referral process.

DISCIPLINARY STEPS

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

Misconduct

1. Using a cellular telephone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others. All cell phones and similar electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; or (b) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

6. Sending, receiving or possessing sexually explicit or otherwise inappropriate pictures or images, commonly known as “sexting.”

Weapon-Free Schools - In order to provide a safe learning environment for all children, our schools must be weapon-free.
5772

- A. Michigan law requires the Board of Education to permanently expel a student for possession of a dangerous weapon on school property or in a school vehicle. Michigan law defines a dangerous weapon as a firearm, dagger, dirk, stiletto, knife with a blade over three inches in length, a knife opened by mechanical device **[regardless of blade length]**, iron bar, or brass knuckles. However, a school board is not required to expel a pupil for possessing a weapon if the pupil establishes in a clear and convincing manner at least one of the following:
- a. The object or instrument possessed by the pupil was not possessed by the pupil for use as a weapon, or for direct and indirect delivery to another person as a weapon.
 - b. The weapon was not knowingly possessed by the pupil.
 - c. The pupil did not know or have reason to know that the object or instrument possessed by the pupil constituted a dangerous weapon.
 - d. The weapon was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.
- B. As a matter of District policy, the Board of Education may also exercise its discretion to expel a student for possession of an object on school property or in a school vehicle which may be used to cause or threaten harm to others. Examples of such objects include, but are not limited to: BB gun, pellet gun, look-alike gun, knife with a blade three inches or less in length, razor blade, box cutter, chains, nun chucks, mace, pepper spray. School officials shall immediately contact the student's parent/legal guardian and local law enforcement officials in the event a student is found in possession of a dangerous weapon or an object which may be used to cause or threaten harm to others.

Gang & Gang Activity

“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or nonverbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Aiding or Abetting Violation of School Rules - If a student assists another student in violating any school rule, they may be disciplined and may be subject to suspension or expulsion. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

Classroom Disruption - The act of causing and/or being involved in behavior which disrupts the educational process of other students in the classroom. Each learning environment has different rules for students. Individual rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules, all of which will be consistent with the policy of the Center. Persistent violations of rules could result in suspension or expulsion.

Closed Campus - Students are not permitted to leave the Van Buren Technology Center or grounds during instructional hours without prearranged, written permission from a parent/guardian, or school personnel.

Computer Misuse - Only authorized software/programs are to be used with school owned equipment. This is to prevent an unwanted virus from entering the system and to ensure that copyright laws are maintained. Computer related violations will result in suspension from school and possible removal from the program area. Violators will receive 2 weeks loss of computer usage for their 1st offense.

Disobedience - School staff is acting “in loco parentis,” which means they are allowed, by law, to direct a student as would a parent/guardian. This applies to all staff, not just teachers assigned to a student. If given a reasonable direction by a staff member, the student is expected to comply. Chronic disobedience can result in expulsion.

Displays of Affection - Students demonstrating affection between each other is personal and not meant for public display. This includes

touching, petting, or any other contact that may be considered sexual in nature. Such behavior will result in suspension from school or possibly expulsion.

Disruption of the Educational Process - Any actions or manner of dress that interfere with school activities disrupt the educational process and are unacceptable. Such disruptions also include delay or prevention of lessons, assemblies, field trips, etc. Violations of this rule will result in suspension or expulsion.

Drones – Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

Falsification of School Work, Identification, Forgery - Forgery of hall/bus passes and excuses as well as false I.D.'s are forms of lying and are not acceptable. Plagiarism and cheating will subject the student to academic penalties as well as disciplinary action. Upon the occasion that an instructor should determine that a student has misrepresented the work of another as his/her own, or has been found to be cheating in the taking of a test or submission of work, the instructor shall award the student a for the work or test in question. The Instructor shall also notify the administration and the student's parent/guardian, and inform them that the next incident may result in the student losing credit for the marking period or semester, at the discretion of the administrator.

Fighting - The spontaneous act of inflicting or attempting to inflict bodily injury to another person, or verbal or other actions which deliberately provoke aggressive action by another student.

Gambling - Gambling includes casual betting, betting pools, organized sports betting and any other form of wagering. Students who bet on an activity in which they are involved may also be banned from that activity. Violations of this rule could result in suspension or expulsion.

Miscellaneous Situations - The Van Buren Technology Center reserves the right to set forth, as part of a code of conduct, those rules and regulations necessary and proper for facilitating a training environment. When situations arise not described in this handbook, the administration will then decide upon the disciplinary action necessary.

Obscenity/Profanity - Use of obscene or profane language, in oral or written form, in pictures, in caricatures, or in gestures.

Parking Violations - Refusal to report to the office upon receiving a parking violation is considered insubordination. Loitering in the parking lot is a violation of school policy. Students must report to the building immediately upon parking.

Persistent Absence or Tardiness - Attendance laws require students to be in school all day or have a legitimate excuse. It is also important to establish consistent attendance habits in order to succeed in school and in the world of work.

Possession of Electronic Equipment/Laser Pointers - Most electronic equipment necessary in the Center is supplied by the Center. Students are **NOT** permitted to **bring radios, boom boxes, portable televisions, pagers, laser pointers, cellular telephones** or the like without permission from the Administrator. **The property will be confiscated and disciplinary action will be taken.** Violations of this rule could result in suspension or expulsion.

Refusal to Obey a Directive/Insubordination - Actions that directly defy reasonable order or instruction of Van Buren Technology Center personnel.

Academic Dishonesty – Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores. This will result in a zero on the assignment and may result in a suspension.

Refusing to Accept Discipline - The Center may use informal discipline to prevent the student from being removed from school. When a student refuses to accept the usual discipline for an infraction, the refusal can result in a sterner action such as suspension or expulsion.

Student Disorder/Demonstration - Students will not be denied their rights to freedom of expression, but the expression may not infringe on the rights of others. Disruption of any school activity will not be allowed. If a student feels there is need to organize some form of demonstration, he/she is encouraged to contact the Administrator to discuss the proper way to plan such an activity. Students who disrupt the Center may be subject to suspension or expulsion.

Student Identification - All persons must, upon request, identify themselves to proper school authorities in the Van Buren Technology Center, or on the grounds.

Tobacco Possession – Using, possessing, distributing, purchasing, or selling tobacco materials, including electronic cigarettes or e-cigarette, vapor products, and/or nicotine in **ANY FORM**, on school premises or during any school activity. Tobacco possession on school grounds is against the law. Students will receive a \$50 fine and a 3 day out-of-school suspension. [5512](#)

Unauthorized Use of School or Private Property - Students are expected to obtain permission to use any school property or any private property located on school premises. Any unauthorized use shall be subject to disciplinary action. Violations of this rule will result in suspension or expulsion.

Verbally Threatening a Staff Member/Person Associated with the District - Any statement or noncontact action that a staff member, or other person associated with the District feels to be a threat will be considered a verbal assault as will profanity directed toward a staff member in a threatening tone. Verbal threats will result in a mandatory suspension for up to 180 days.

Verbally Threatening a Student - Any statement or non-contact action that a student feels to be a threat will be considered a verbal assault. Verbal threats may result in a suspension or expulsion for up to 180 days.

DEFINITIONS – CRIMINAL ACTS

Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially-trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (*e.g.*, purses, wallets, knapsacks, book bags, lunch boxes, cell phones) when there is a reasonable suspicion that the search will produce evidence that the particular student has violated or is violating either the law or the school district's rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

VBISD ANTI-BULLYING/HARRASSMENT POLICY

It is the policy of the District to provide a safe and nurturing educational environment for all of its students. This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, [5516](#) gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or student competitions where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Reporting

The District shall report incidents of bullying to the Department of Education on an annual basis according to the form and procedures established by the Department of Education.

Should the Policy be amended or otherwise modified, the District shall submit a copy of the amended or modified Policy to the Department of Education no later than thirty (3) days after adopting modification.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, **confidentiality** will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Director or other administrator. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

A student may also submit a report or complaint to any of the above designated individuals through email, voicemail, regular mail or by leaving a sealed note addressed to the individual at that person's office or desk. The student may submit a report or complaint anonymously, but this may affect the ability to fully investigate the matter, when the complaining student is not available to provide additional information during the course of the investigation.

The identity of a student who reports bullying, hazing or aggressive behavior, as well as those students who provide information during an investigation will remain confidential to the extent possible and to the extent allowable by law. Only school personnel directly involved in the investigation of the complaint or responsible for remedying any violations will be provided access to the identity of the complaining student(s) and student witnesses, and then only to the extent necessary to effectively deal with the situation.

The identity of the student who files the report or complaint will not be voluntarily shared with the alleged perpetrator(s) or the witnesses unless the student (and his/her parent/guardian) give written permission to do so. Any investigation report will likewise not be voluntarily produced with the names of the reporting student(s) or witnesses. However, under certain circumstances, the District may be required by law to disclose the report and/or the student(s) names. Also, under certain circumstances, the identity of the reporting student may become obvious even without disclosure by school personnel.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. While reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report without other corroborating evidence.

The Director (or other designated administrator) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Director or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Director will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy [5517](#)

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

[5517](#) This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation, or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;
- D. stalking;
- E. cyber stalking;
- F. cyberbullying;
- G. physical violence;
- H. theft;

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.

Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.

Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

NOTE: Sexual conduct/relationships with students by District employees or any other adult member of the School District community is prohibited, and any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery." The issue of consent is irrelevant in regard to such criminal charge and/or with respect to the application of this policy to District employees or other adult members of the School District community.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Reports and Complaints of Harassing Conduct

Students and other members of the School District community and third parties are encouraged to promptly report incidents of harassing conduct to a teacher, administrator, director or other District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, director, or other District employee or official who receives such a complaint shall file it with the District's Anti-Harassment Compliance Officer at his/her first convenience within two (2) school days.

Members of the School District community, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy [5517.01](#) – Bullying and Other Forms of Aggressive Behavior, the Director believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Director shall report the act of bullying, aggressive behavior and/or harassment to one of the Anti-Harassment Compliance Officers who shall investigate the allegation in accordance with this policy. While the Compliance Officer investigates the allegation, the Director shall suspend his/her Policy 5517.01 investigation to await the Compliance Officer's written report. The Compliance Officer shall keep the Principal informed of the status of Policy investigation and provide him/her with a copy of the resulting written report.

The Compliance Officers will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student, other member of the School District community or third party in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept complaints of unlawful harassment directly from any member of the School District community or a visitor to the District, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the person alleging the harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Compliance Officers within two (2) business days. Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer or designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

On occasion, other Intermediate School District buildings will be closed but the Technology Center will remain open. Please do not confuse the Technology Center with the Career Transition Center (CTC) or the Learning Center.

NOTIFICATION TO PARENT/GUARDIANS ON BLOOD-BORNE PATHOGENS

Dear Parent/Guardian:

The District is subject to Federal and State regulations to restrict the spread of hepatitis B virus (HBV) and human immune deficiency virus (HIV) in the workplace. These regulations are designed to protect employees of the District who are, or could be, exposed to blood or other contaminated bodily fluids while performing their job duties.

Because of the very serious consequences of contracting HBV or HIV, the District is committed to taking the necessary precautions to protect both students and staff from its spread in the school environment.

Part of the mandated procedures include a requirement that the District request the person who was bleeding to consent to be tested for HBV and HIV. The law does not require parent/guardians to grant permission for the examination of their child's blood, but it does require the District to request that consent. Although we expect that incidents of exposure will be few, we wanted to notify parent/guardians of these requirements ahead of time. That way, if the situation does develop you will understand the reason for our request and will have had an opportunity to consider it in advance. These are serious diseases, and we sincerely hope that through proper precautions and cooperation we can prevent them from spreading.

If you have any questions or concerns, please contact the Director for Operations at the Van Buren Intermediate School District (269) 674-8001, extension 5345.

NOTIFICATION TO PARENT/GUARDIANS REGARDING STUDENT RECORDS

AND DIRECTORY INFORMATION

In compliance with a federal law known as the "Family Educational Rights and Privacy Act ("FERPA") which gives parents and eligible students (age 18 and older) the following rights with respect to their student records.

Barb Matthews is the District Records Control Officer and is responsible for the supervision of all student records. Her office is located at the Van Buren Conference Center, 490 S. Paw Paw St. or she can be reached by calling (269) 674-8091, extension 5349.

Each student's records will be kept in a confidential file located at the student's school office. The information in a student's record file will be available for review only by the parent/legal guardian of a student, adult student (eighteen (18) years of age or older), and those authorized by Federal law and District regulations.

A parent/guardian, or adult student has the following rights:

1. **RIGHT TO INSPECT:** You have the right to inspect and review substantially all of your education records maintained by or at the school district. This right extends to the parent of a student under 18 years of age and to any student age 18 or older.

2. **RIGHT TO REQUEST AMENDMENT:** You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if a designated school official decides not to alter the education records according to your request. If no change is made to the education record after the hearing, you have a right to place a written rebuttal in the record.

3. **RIGHT TO PREVENT DISCLOSURES:** You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of the Board of Education to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

4. **RIGHT TO COMPLAIN:** You have the right to file a complaint with the U.S. Department of Education concerning the alleged failure of the school district to comply with FERPA. Your complaint should be directed to:

Family Policy and Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

5. **RIGHT TO OBTAIN POLICY:** You have the right to obtain a copy of the policy adopted by the Board of Education in compliance with FERPA. A copy may be obtained in person or by mail from:

Director of Operation and Finance
490 South Paw Paw Street
Lawrence, MI 49064

6. **RIGHT TO OBJECT TO RELEASE OF DIRECTORY INFORMATION:** Generally, school officials must have written permission from the parent of a student or an eligible student before releasing any information from a student's record. However, FERPA allows school districts to disclose, without consent, "directory" type information the Board of Education has designated the following personally identifiable information contained in a student's education record as "directory information:"

- A. a student's name;
- B. address;
- C. date of graduation
- D. school photographs or videos of students participating in school activities, events or programs.

Unless you advise the school district that you do not want any or all of this information released, school officials may release personally identifiable information, which it has designated as directory information. Upon such objection, this information will not be released without prior consent of the parent or eligible student.

7. You have 10 days from the receipt of this notice to advise the school district in writing of any or all of those types of information about the student which you refuse to permit the school district to designate as directory information. Your objections should be addressed to:

Director of Operation and Finance
490 South Paw Paw Street
Lawrence, MI 49064

- A. inspect and review the student's education records
- B. request amendments if the parent/guardian believes the record is inaccurate, misleading, or otherwise in violation of the student's rights;
- C. consent to disclosures of personally-identifiable information contained in the student's education records, except to those disclosures allowed by the law;
- D. challenge District noncompliance with a parent/guardian's request to amend the records through a hearing;
- E. file a complaint with the Department of Education;
- F. obtain a copy of the District's policy and administrative guidelines on student records.

Each year the District will provide public notice to students and their parent/guardians of its intent to make available, upon request, certain information known as "directory information". The Board designates as student "directory information":

- A. a student's name;
- B. address;
- C. date of graduation;
- D. school photographs or videos of students participating in school activities, events or programs.

The District will make the above information available upon a legitimate request unless a parent/guardian, or adult student notifies the District Records Officer in writing within 10 days from the date of this notification that he/she will not permit distribution of any or all of such information.

Whenever parent/guardians consent is required for the inspection and/or release of a student's educational records or for the release of directory information, either parent/guardian may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the Superintendent shall appoint a person who has no conflicting interest to provide such written consent.

The District may disclose "directory information" on former students without student or parent/guardian consent.

PRODUCTION RELEASE AND WAIVER – (Read Only)

Van Buren Intermediate School District

Dear Parent/Guardian:

Frequently, the Van Buren Technology Center is called upon to photograph students. Local newspapers request photos of outstanding students, brochures are published showing students engaged in program related activities, etc. We are asking that you sign a production release and wavier form. If you have any questions about this form, please do not hesitate to call our Student Services Office at (269) 539-5349.

I, on my behalf, or on behalf of my legal child or ward, and in consideration for my legal child or ward's participation in Van Buren Technology Center activities, give my permission for the Van Buren Intermediate School District, its staff or designated representatives, to make and reproduce still or motion picture photographs including digital images, videotape recordings, and/or sound recordings of my son/daughter's person, performance, or behavior for activities associated with the educational institution (*collectively, the "Products"*). I agree that the Products may be used for educational exhibits, projection, illustration, trade, advertising or publication purposes, radio and television broadcasts, and other similar purposes, including www postings. I also give the Van Buren Intermediate School District permission to use my son/daughter's full name, picture, and/or biography for publicizing and promoting educational media materials, programs, and institutions (*collectively, the "Promotions"*). I agree to indemnify and hold harmless the Van Buren Intermediate School District, its agents and representatives from any and all claims and/or damages in the event that the Products and/or the Promotions are or become subject to any claim, and I agree to waive any and all damages or remuneration, in any form whatsoever, in connection with the production and use of the Products and/or the Promotions.

VAN BUREN
INTERMEDIATE SCHOOL DISTRICT

INTEGRATED PEST MANAGEMENT PROGRAM
ADVISORY TO ALL PARENT/GUARDIANS

Jeffrey C. Mills
Superintendent

Dear Parent/Guardian:

The Van Buren Intermediate School District has adopted an Integrated Pest Management Program. Inherent with this are the District's efforts to reduce pesticide use as much as possible. While it may occasionally be necessary to apply a pesticide, these will only be used as a last resort. This program does not rely on routine pesticide applications to resolve problems. We use various techniques such as habitat alterations, sanitation, mechanical means, exclusion, etc. to prevent pests from becoming a problem.

You will receive advanced notice of the application of pesticide, other than bait or gel formulations at your child's school. This advance notice of the application will be given 48 hours before the application. The law requires us to do this notification by using two methods. The first method required by law is the posting at the primary entrances to your child's school. The entrances that will be posted are those entrances that have a sidewalk that leads directly to a parking lot. The second method we are going to use is the posting in a common area located by the main office of the school. Parent/guardians are also entitled to receive this notice by first-class United States mail postmarked at least three days before the application. **If you would like to be notified by mail, please contact Randy Olds, Maintenance Supervisor at the following number (269) 539-5233, or Michigan Relay Center 1-800-649-3777 (*Voice and TTD*). Please give your name, mailing address and what school your child attends.**

In an emergency (*for example, bees nest*), pesticides may be applied without prior notice, but you will be provided notice following any such application.

You may review our IPM Program or pesticide application records for your child's school by contacting Randy Olds at (269) 539-5233 or email: rolds@vbisd.org. This number or e-mail may also be used when school is not in regular session.

Sincerely,

Randy Olds,
Maintenance Supervisor

Use of the Education Technology is a privilege, not a right. The District's Education Technology, including its Internet connection and online educational services, is provided for educational purposes only. Unauthorized and inappropriate use will result in a cancellation of this privilege and possibly further disciplinary action.

The Board has implemented technology protection measures, which protect against (e.g. block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of students in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication, and/or services on the Internet that the Board has not authorized for educational purposes and/or that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Students accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet.

YOUTH SCREEN EMOTIONAL WELLNESS CHECK

Dear Parent/Guardian:

We are fortunate to have the opportunity to offer a wellness check-up, *Youth Screen* here at the Technology Center. *Youth Screen* focuses on screening your child for depression, anxiety, and alcohol/substance abuse because these are common, treatable conditions, and most youth who suffer from them go undiagnosed and untreated.

The *Youth Screen* is a voluntary national health and suicide screening program for youth. The goal of this program is to make voluntary mental health check-ups available for all American teens.

Student's answer a screening questionnaire which is then reviewed by the Van Buren Technology Center Student Assistance Coordinator, who is a trained professional. This screening is **confidential** and if the student is identified as having any risk factors families are assisted in accessing a health professional who can provide a more comprehensive evaluation.

Suicide is the third leading cause of teenage deaths. Unfortunately, seven to twelve million youth suffer from a mental health condition, yet only one out of three ever receive help. This number is reducible if steps are taken to identify those at risk.

Please review and complete the attached form to either agree to the screening or forfeit the opportunity to have your child screened. If you have further questions with regard to *Youth Screen* please contact Wendy Pierce the Student Assistance Coordinator at 269-539-5254. [5350 5531](tel:53505531)

Common Questions and Answers about Youth Screen

Are Youth Screen results confidential?

Yes, screening is confidential. In order to protect your child's privacy, his/ her screening results and related files will be stored separately from his/ her academic records. Teachers will not be involved in the screening procedure. If program staff believes that your child is in some danger or is a danger to others, they are mandated by law to take action and notify appropriate personnel and/ or necessary authorities.

What if I provide consent, but my child doesn't want to participate?

Because we believe screening should be completely voluntary, your child may refuse to participate or refuse to answer any questions during the screening. We will notify you by letter if your child chooses not to participate or is absent on the day of the screening.

Does Youth Screen recommend treatment?

The Youth Screen Program and staff do not make any treatment recommendations. All possible treatment decisions are made by families in close consultation with a health professional of your choice after the completion of the Youth Screen Program. Treatment recommendations are beyond the scope of the Youth Screen Program.

Can I see the questionnaire?

Yes. If you wish to review the Youth Screen screening questionnaire, please submit a request to: Wendy Pierce, LMSW, at (269) 539-5254, wpierce@vbisd.org and you will be notified of the time and place where you may review these materials.
